Fee: \$100

Entering Grades 4, 5 & 6

2 Sessions

July 12 -16 or August 9 - 13, 2010

Young scientists use a variety of equipment, from crab traps to salinity meters to sample the marshes, creeks and bay, discovering an ocean of adventure along the way.

NEW - Innovation Station: Eco-Kids Design Workshop

Entering grades 5, 6, 7

Time 8:45 AM – Noon

Fee: \$150

1 Session

July 19- 23, 2010

Includes materials fee

Students will design and create exciting take-home projects related to renewable energy while exploring science and technology through experimentation and outdoor activities. We'll supply scientific equipment, building materials, laptop computers and direction to help participants discover more about wind, water and solar resources and how energy use affects our environment. Students supply the creativity, interest and determination to create some amazing working machines including a mini wind turbine that powers an LED light.

Women in Science: *Girls only session includes boat trip and one night camping on Washburn Island*

Entering Grades 7 & 8

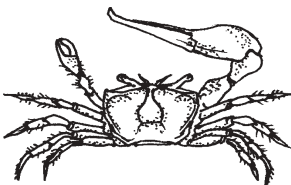

1 Session

July 26 - July 30, 2010

Fee: \$150

Time 8:45 – 2:00PM Mon -Wed, overnight Thurs 1:00 PM– Noon Friday

Young women receive inspiration and support from WBNERR staff while building confidence through activities relating to scientific research, marine biology, and ecology. An overnight camping trip fosters peer relationships as girls leave cell phones behind and face the challenges of setting up shelter, cooking and exploring the island at night.

Space is limited – Only one session per child please.
Full or partial scholarships may be available.
